ANNUAL REPORT  
1973

On May 10th, 1973, a warm spring evening, the New Hampshire Senate met for a regular session at the Opera House of the Littleton Town Building. This was a Thursday evening, a regular legislative day for the Senate. The session was in all ways a regular and legal session, considering, debating, and acting on legislative bills. This was the first time in history that the Senate had met in Littleton, and was part of Senate President Nixon's "Home Town Sessions" program, and was hosted by local Senator Andy Poulsen.

Many local dignitaries were recognized, and a historical background of Littleton's legislative history was given by State Historian, Leon Anderson.

The Session was well attended by an interested crowd of young and old from Littleton and surrounding towns.

## LIBRARIAN'S REPORT

1973

It was a busy year with the circulation of books continuing to climb, new registrations and very active reference service. Every thing seems very healthy except the economy affecting the price of oil, books, cost of living—everything.

Ellen Morrow has charge of our film program. In 1973, 35 film programs were shown to 1,154 persons. The variety of groups served include the Montessori School, the Senior Citizens, Brownies, school groups, and Future Teachers of America. Mrs. Morrow also does the book displays seen in the library during the year. Library users look forward to her artistic work.

During the year 12 school groups, both elementary and high school, came for a tour of the library and instruction in how to use the library. The librarian handles most of this instruction.

National Library Week was in April. An adult film program was enjoyed by a group of about 50 Littleton people. Refreshments were served following the program by the Senior Citizens. Mr. Alton Ferguson displayed many beautiful woodcarvings and Mrs. Laura Rancour treated us again with some of her applehead and cloth dolls.

The children's room collection has been weeded and replacements have been made where necessary. This work was done by Patricia Stillings and I followed through with the final decisions. The reference and adult non-fiction will be our next time-consuming but very necessary project.

In 1966, the Littleton Public Library and the N.H. State Library had all of The Littleton Couriers microfilmed. We have this paper on film from its start in December, 1889. The microfilm reader was given to the library by The Courier and students and adults use these films almost daily. In the 1974 budget we will ask the town for money to film such old Littleton papers as **Ammonoosuc Reporter**, 1852-1854, **White Mountain Banner**, 1857-1859, **People's Journal**, 1855-1864 and many others. Patricia Stillings and I have worked to prepare these for filming. They are so fragile that they cannot be used. Before very long they cannot be filmed. They are needed for the facts, the thinking and the whole record which they contain.

I wish to thank the Littleton Area Historical Society for allowing us to mend and fill-in using a few **People's Journals** and **White Mountain Republic Journals** which they received in a gift of old papers. I sincerely hope the State Library and the Littleton Public Library can get these papers filmed in 1974 so that we can begin using them. The negative of all of these films is kept in an underground vault.

The exhibit room at the library was scheduled all year with the work of artists and craftsmen of the area. Mr. Leon Karr and Mrs. Marlene Baker arranged for these exhibits for your enjoyment.

Ellen Morrow and Mary Miles took the library techniques course offered at Plymouth in the spring of 1973. There are eight of these courses in all and Ellen has finished seven of them.

The White Mountain Garden Club very kindly furnished us with flowers during the weeks of summer, and the Littleton Garden Club made wreaths for our doors at Christmas time. We wish to express our thanks for this effort which is much appreciated by staff and patrons.

Twenty-one books were given to the library as memorials to the following people: Helen Mayer Revoir, Mrs. Frank B. Kinne, Mrs. Frederick Carlin, Mrs. Alice Seace, William J. Mann, Mrs. Dora Cascadden, Atty. Alexander J. Corey, Frances Glessner Mathey, Prof. Leroy J. Higgins, Mary S. Ruland, Mrs. Elsie Swain, Mary Ames Lorenz, Rosalie Colby, Mattie Hibbard.

The Friday Club and the White Mountain Garden Club also contributed money for books. Book prices are so high that I wish to express special thanks to people who think of our needs. Our patrons are really given extra treats by your gifts. Again, we thank you for thinking of us.

Mr. Gilbert Pike went on the library board in March, 1963. He served as treasurer until April, 1969. In November, 1969, he became chairman, which office he held until April, 1973. Eleven years of service as an officer most of the time, is a responsible record of achievement. The library has grown in size and service during these years. Gil says he is going off the board. I wish to say my thank you and I know that many others wish me to speak for them. Thanks, Gil.

There is always something else that comes first. The redecoration of the library is not in our budget, apparently not even a room a year. The library is really needing this type of attention.

I wish to thank each member of the library board for his contribution of time and effort for the library. I wish to thank the New Hampshire State Library Staff both here and in Concord for excellent service. Ellen Morrow, Patricia Stillings and Mary Miles are all college trained people with special library training too. Thank you for the good work with reference and all. Nancy King and Sandra Fillion are high school girls who come in after school and evenings to assist with clerical type duties which frees other staff members for other duties. I wish to thank all of you.

Sincerely,

ELSIE R. RILEY  
Librarian

## ANNUAL REPORT OF LITTLETON DEPARTMENT OF PUBLIC WORKS AND HIGHWAYS

### STREETS AND HIGHWAYS

The department worked with Clinton Clough, who was awarded the contract, to repair the cemetery wall this past spring. They spent about sixteen hundred (\$1600.00) dollars. We did some repair work to the wall at Palmer Brook on Bishop street in back of Dr. Ender-son's office.

This past season the department worked with L. M. Pike on the street paving. The town trucks hauled all the hot top for the grader patch work. Streets that were paved: Washington, Pleasant, Jackson, Union, Grove, West Main, Cross, Lafayette, Herbert Lane and Morrison Hill Drive. About thirty-six (36) catch basins were rebuilt. new frames and covers were installed.

On the West Elm Street Ext. development there were eighty feet (80) of twenty four (24) inch culvert installed, also four hundred and thirty feet (430) of fifteen (15) inch drainage, one hundred ten (110) feet of twelve (12) inch drainage, five (5) basins 2x2' and two basins 4x10', also crushed gravel was hauled and it was oiled.

On Morrison Hill Drive, we installed three hundred ten (310) feet of twelve (12) inch underdrain and three 2x2' basins installed.

Bronson and South Street we installed six hundred (600) feet of twelve (12) inch storm drain and six basins 2x2', also on the south end of South Street we installed five hundred sixty (560) feet of six (6) inch underdrain, and one hundred thirty (130) feet of fifteen (15) inch culvert to take care of the water from this underdrain.

The department worked about three weeks on flood damage, hauling gravel, replacing culverts and grading.

The ditches were cleaned on Slate Ledge Road from Bill Hight's to Ronnie Marsh's, so blade mix was put down and it was sealed with asphalt. The ditches were cleaned from Manns Hill Road out beyond Dr. McDade's and blade mix was put down on the road. Farr Hill was oiled from West Main St. to Robert Stearns' driveway and a lot of hand patching was done on several streets and roads. There were some seven thousand (7000) yds. of sand stock piled at the Town Garage for winter use.

Town Equipment hauled about seventeen hundred (1700) yds. of gravel on the Lisbon Road and stock piled same at the Treatment Plant, this was done last fall when Crushing Inc. was dredging the river.

### **SIDEWALKS**

Repaired curbing on West Main St. from Littleton Motel to Elm Street and hot topped, after curbing was repaired. Also on the other side of street in front of Congregational Church. On High Street, the sidewalks were repaired from Jackson Street to School Street (curbing and hot top). Curbing was also repaired on Jackson Street.

### **TOWN DUMP**

Over six thousand (6000) yards of fill were hauled from town pit to cover, also a lot of the material that was cleaned from ditch work was hauled to the dump and used for cover.

### **SEWERS**

Forty (40) septic systems were worked on this past season, some new systems and some repair or improvement on the older systems.

We finished up the sewer line extension on Crane Street, two (2) manholes and four hundred (400) feet of twelve (12) inch transite pipe. After this was completed the road was put back in shape and oiled.

Respectfully submitted,

WILLIAM J. BEDOR

## **SUMMARY PROGRAM OF THE WHITE MOUNTAINS REGION ASSOCIATION**

**1973 (36th Year)**

Your Region Association, through its promotional and financial responsibilities, was one of the principal organizers of the White Mountains Art and Music Festival. This Festival has been acclaimed as a truly significant contribution to northern New Hampshire and in 1974, with a much larger budget, the program is expected to expand markedly.

Your Region Association also helped to set up the Hotel-Motel training program at the Waumbek, Jefferson, N.H. Because your Association has for many years promoted the region's hotel-motel industry, the directors felt this training program would effectively complement these on-going promotional activities. The responsibilities incurred by your Association were: a questionnaire designed to answer "Is there a need for the program" and assistance in employing graduates of the program in the region's hotel-motel industry. Additionally, your Association set up meetings with hotel-motel owners and managers to work out any problems and to exchange ideas.

Other activities for 1973 included: completion of a canoe and kayak folder (designed for promotional purposes), a State requested survey of flood damage to the private sector of northern New Hampshire's economy, representation at the Eastern States Exposition in Springfield, Mass., presentation of 4-H awards in Grafton and Coos Counties and annual subscription of the 4-H National News Magazine to club leaders, and the annual solicitations of listings for the **New Hampshire Accommodations and Dining Directory** and the **Where to Stay** folder. Additionally, your Association's executive director acted as secretary of the N.H. Council of Region Associations, an organization which works closely with the State's Office of Vacation Travel.

Your Association for its 1973 annual meeting set up a panel discussion on the subject of "Wilderness in the White Mountain National Forest." Panelists included representatives of the N.H. Snowmobile Association, the Appalachian Mountain Club, the Society for the Protection of N.H. Forests, Sno-engineering, the wood products industry in northern New Hampshire, the Sierra Club, the State's Bureau of Off-Highway Recreation Vehicles, the U.S. Forest Service and the North Country RC&D Project, Inc.

With regard to legislated matters your Association supported House Bill relative to Open Space. In large part the directors saw this bill as an attempt to help preserve our farmlands here in the region. Furthermore, your Association supported House Bill No. 10 relative to Off-Highway-Vehicles with the exception that the majori-

ty of directors felt snowmobilers should ask the permission of the landowners during periods when there is adequate snow cover.

Finally, the executive director spoke on Association activities both on radio and before several Chambers of Commerce and Rotary Clubs in the region.

Inquiries for the year totaled 5,000.

Wrote 27 news releases, 2 newsletters and 140 personal letters.

## REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

Pre-admission screening and after care services for patients entering and leaving the New Hampshire Hospital, Concord.

Social-psychological evaluations for schools, courts, and state vocational rehabilitation services.

Bi-monthly in-service training program for those in the helping professions. The goal of this program is to provide new information, skills and coordination of services for individuals seeking help in our local communities. Expanded this program by encouraging all local human service organizations to become actively involved in the planning of these training sessions.

Counselling to individuals and consultation to the Administration at the Grafton County Home and House of Correction.

Weekly psychiatric consultation to physicians and to hospital staff serving patients hospitalized in our local general hospitals. A monthly in-service program for community and school nursing personnel.

A research program to measure the effectiveness of services provided by White Mountain Community Services to individuals seeking our help.

**Added and/or expanded the following programs:**

Intensive Diagnostic and Inpatient Care in our local hospitals for those individuals experiencing emotional problems. This was made partly possible by the addition to our staff of a psychiatric nurse and the assignment of a full-time psychiatrist to White Mountain Community Services by the National Health Service Corp.

Courses in Introductory & Advanced Group Work Techniques. (Sponsored in conjunction with UNH, offering graduate level credit.)

Introduced Video-Tape Technology for teaching, research and counselling services as part of our counselling program.

All meetings of the board are open to the public and citizens are encouraged to attend. All money voted or contributed to White Mountain Community Services is used to support local needs. This agency serves 23 towns totalling a resident population of 23,900.

## LITTLETON PARK COMMISSIONERS' REPORT

A major change took place to our parks and playgrounds in 1973. Last March the people of Littleton voted to authorize the Littleton Park Commission and the Board of Selectmen to drain and grade the existing playing field at Remich Park. With the technical assistance being provided by the North Country Resource Conservation and Development Project Inc. and the contracting work awarded to Crushing Inc. of Littleton, the project broke ground late in June and was completed in early September.

The total cost of this project was nearly \$35,000. However, one-half of the total cost was reimbursed to the Town of Littleton under the Federal Land and Water Conservation fund program. (Matching-Funds) The playing field hopefully will be ready for public use by Spring 1975.

Our Summer Recreation Program, under the direction of Dennis Sargent, was most successful. The program was geared to both the youth and adults of our community. Basketball, softball, tennis, and volleyball combined with many cultural trips and a fine arts and crafts program were enjoyed by all.

Also, for the first time ever, to meet the demands of the tennis craze, the Recreation Department offered tennis instructions to many interested stars of the future. To top off the summer program the first annual Littleton Recreation Department Tennis Tournament was held and was termed a great success.

The Littleton Municipal Swimming Pool opened its doors to the public in late June. Attendance at the pool showed a substantial increase. Our Learn-to-Swim Program was most excellent and attracted many healthy and anxious new faces. Junior and Senior Life Saving courses were offered and were very well attended. Special thanks to Darrell Champagne, Dennis Sargent and Steve Simon for the fine job that they did in painting our pool. It was the first time ever since the pool opened in 1969 that the pool had been completely painted.

Ice skating, Hockey, Biddy Basketball, and Skiing at Mt. Eustis make up our Winter Recreation Program. A new addition to our winter program is the Adult-Recreation Program which takes place each Wednesday evening at the Littleton High School Gymnasium.

The Littleton Park Commission wishes to thank our regular staff and volunteers for their unselfish time and effort which they have given the recreation program. And a special THANK YOU to Darrell Champagne, the man who maintains our parks and playgrounds. Darrell keeps our facilities in the best possible conditions at all times.

We remain yours in Recreation

## THE CONSERVATION COMMISSION

During the summer of 1973 the Commission members made a map and ground study of all roads within the Town of Littleton eligible for Scenic Road status under RSA 253:17 & 18. We undertook this project as a legitimate conservation activity and also at the request of the Selectmen. During the Town Meeting of March 5, 1974, a proposal will be included in the Warrant to designate certain roads within the Town as "Scenic".

On Saturday, May 5, our Commission conducted a massive clean-up program in the Town. Students from Littleton High School and Lakeway Elementary School spent a full morning collecting trash and discarded items which were then brought to the dump. Prizes for weight and bulk were awarded, made possible by the cash donations of Littleton merchants and businesses. The Town Public Works Department provided trucks and drivers, who generously donated their time that day. McDonald's thoughtfully provided free lunches for the working crews.

Our Commission is desirous of joining with a group in St. Johnsbury to collect papers and bottles for recycling. We hope to commence a small-scale program in the spring of 1974.

Commission members are appointed by the Selectmen. Members during 1973 were:

CARLETON SCHALLER JR., Chairman  
GEORGE CURTIS  
MRS. DANIEL EDGAR  
WILLIAM HAUCK  
WILLIAM LATULIP  
WILLIAM NICHOLS

## NORTH COUNTRY HOME HEALTH AGENCY, INC.

97 COTTAGE STREET  
LITTLETON, NEW HAMPSHIRE 03561

The following is a statement of services rendered to the people of Littleton by our agency. This statement covers the period from January 1, 1973 to December 31, 1973.

The nursing staff made 803 visits to residents of Littleton. There were 7 Physical Therapy visits and 47 visits made by our agency's Social Worker. This is a total of 857 visits made to Littleton residents. Coupled with the Child Health Programs and Expectant Parent Classes this represents approximately \$14,529.00 in services to Littleton residents in 1973. Of this amount, \$5,276.00 was charged to the town account. Last year's appropriation was \$5,000.00 so the remaining \$276.00 was charged to the reserve fund or paid for from donations.

In mid year we terminated the Social Service Component as Federal funds expired for this program. We were able to refer a great number of cases with social problems to other social agencies in the area and utilize other staff members for these services.

This fall we initiated a series of Well Child Clinics for this area. They will be held every other month with either Dr. Bishop or Dr. Lewis as the attending physician. Physicals are given by appointment. These are geared to low income families especially those children not under regular medical attention. The age group is primarily birth to 5 years although exceptions will be made in special circumstances. Immunizations and TB tests are available for any child needing them. We plan in the future to include vision and hearing testing and dental screening.

We also held a series of Expectant Parent Classes in November. The people attending received instruction in Child Birth, Diet and Nutrition, Baby Care, Exercises, and many basic facts about prenatal care. This series of 5 classes will be run in Woodsville in the spring and in Littleton in July or August. They will be held approximately three times a year. There was an average attendance of 12 persons at each of the 5 classes with many fathers attending. The results were very gratifying. People from Littleton, Lisbon, Bath, Haverhill, Bethlehem attended the classes which were held in Lisbon.

The Nursing and Physical Therapy Components of our services are very important to the patients we serve.

These services help reduce hospital stays, assist people to return to as high a degree of independent functioning as is possible. They also allow people to recuperate at home in more familiar surroundings and with family members present. The service also saves money as it is less costly than extended hospital stays.

An example of this would be a 35 year old male patient with Transverse Myelitis, Sacral Decubitus, and Neurogenic Bladder. This patient also has Laennec's Cirrhosis. This patient is being seen 5 days a week to treat the decubitus, irrigate the catheter, monitor general condition and supervise diet, medication and cirrhosis. This patient has been on our caseload since May 25, 1973. The total cost of our service for this patient has been \$2,160.00 for that period. Adding \$180.00 a month for housekeeping and food service brings the total cost of maintaining this individual at home to \$3,240.00. Had he been cared for in a hospital it would have cost \$18,000.00 for a comparable period and \$7,200.00 for an extended care facility. As you can see, this represents a substantial savings to whoever is paying the bill. The cost of all these services eventually comes from the tax or public dollar at some level. As you can see, this service is worth at least each dollar asked for from all services.

We are now planning a Homemaker Home Health Aide Program for the area we serve. This program will provide a much needed service for area residents and reduce the cost of providing nursing service to patients.

## REPORT OF THE PLANNING BOARD

The Littleton Planning Board consists of the following members:

Maurice Stearns, Chairman; Stephanie McGoldrick, John Streeter, James Baker, Daniel Edgar, Secretary/Treasurer; Thomas Pancoast, Esq.

Attorney Thomas Pancoast joined the Board in February, 1973, replacing George Quig who resigned late in 1972. Mr. Pancoast was a welcome addition with his professional approach and legal expertise.

The Planning Board continued to hold regular meetings on the first Wednesday of each month, beginning at 7:30 p.m. in the Town Building.

During the beginning months of 1973, the Board spent many hours drawing amendments to the Subdivision Regulations and Zoning Ordinance. The regulations were ultimately amended in a number of areas, the most important being the inclusion of all land within the Township of Littleton, regardless of its size and the fact that it has street frontage, under the authority of the regulations. Also, the amendments included the imposition of a \$500 fine for each lot sold from an unapproved subdivision.

The Board's proposed amendments to the Zoning Ordinance included stricter regulations for the placement of mobile homes and a fine of \$10 per day for all zoning violations. The proposed amendments subsequently became law by vote of the people at Town Meeting, 1973.

The new amendments supported some of the Board's short-term objectives of closing loopholes in the Regulations and Ordinance and provided a meaningful penalty for all violations.

During 1973, the Planning Board held nine regular meetings and ten special meetings, some of which were public hearings, on proposed subdivisions. They considered twenty-seven individual subdivisions ranging from one lot to over sixty lots.

Realizing that each new major subdivision has its own completely different set of economic, social and environmental problems and realizing that our expertise is limited, we regularly consult with a number of agencies, individuals and organizations offering a wide variety of needed knowledge and skills.

During 1973, we consulted with The United States Department of Agriculture, The District Soil Conservation Department, The Land Use Foundation, specialists from The Littleton Water and Light Department and The New England Telephone Company.

Our overall goal for the future is to provide land planning which is environmentally sound, economically feasible and socially acceptable.

LITTLETON PLANNING BOARD  
DANIEL G. EDGAR  
Secretary/Treasurer

## WHITEFIELD REGIONAL AIRPORT COMMISSIONER'S REPORT — 1973

Having completed another active year, The Whitefield Regional Airport Commissioners submit this short resume of its activities to the various towns that it serves.

The budget that is published on the following pages will indicate that actual income exceeded anticipated income by \$3,815.22. This was due to an unanticipated increase in state funds, a first-time appropriation from the Town of Northumberland, plus the fact that Diamond International Corporation and Georgia-Pacific Corporation have joined Timberland Machines, Inc., as a contributor to our airport.

The Regional Airport continued to serve the region in many ways—some of which are listed below:

1. Headquarters for the Civilian Air Patrol
2. Provided a base of operations for the Air National Guard search and rescue helicopters.
3. Served as a site for National Guard Maneuvers.
4. Provided summer Air Line Service, Air Freight, Air Ambulance Service, Flight Instructions, and Scenic Air Flights.
5. Used by many commercial and industrial interests.

This past year, we completed renovation to our ticket office and waiting room. We have added a septic tank system that permitted us to install new toilet facilities. We extended the apron to serve the private hangar area and ran a new water line from the old to the new hangar area.

The air line service investigation has been completed but, as of this writing, no decision has been made as to whether or not Delta Air Lines will serve the North Country.

We think that to continue serving the North Country, as an airport should serve, we must not only maintain our present good standing but we must gain the reputation of being the best small airport in the northeast. One of the methods chosen by your commissioners to accomplish the aforesaid is to erect a much needed hangar that would house seven to ten planes. A glance at our budget will show a fund established for this purpose. If all goes according to plan, we should be able to erect the hangar without any increased financial burden to the several towns.

The new hangar will also enable the commissioners to find a Fixed Base Operator. It is our opinion that before we find someone who will man the airport for a full working day, we must give him a place to work in. The hangar would provide space for sales and service, as well as rental space to transient planes.

Recently, the governor and council approved the installation of a partial instrument landing system. The equipment called a "Localizer" will be installed this summer at a cost of \$40,000.00, all of which will be paid by State and Federal funds. The new equipment will provide a horizontal guide to aircraft and will increase the number of hours that the airport is usable.

Finally, your commission feels that the airport has truly become regional with all towns having a voice in its operation and participating in its financing. We thank everyone for their cooperation and respectfully request its continuance.

**Parking Meter Reserve Fund: (Exhibit B-4)**

**AUDIT PROCEDURE**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with the generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

**GENERAL COMMENTS**

**Publication of Reports:**

The provisions of R.S.A. 41:13 require that at the close of each fiscal year the selectmen shall make a report to the town, giving a particular account of all their financial transactions during the year, and of the financial condition of the town at the close of the year, including a schedule of all its assets and liabilities. In addition, R.S.A. 41:14 provides that the selectmen shall cause their report, and those of other town officers required by law to make reports, to be published in pamphlet form at the expense of the town

and make the same available to the voters of said town at least seven days prior to the date of the annual meeting.

Guidelines pertaining to specific financial information to be included in the annual town report are sent to each board of selectmen by this Division at the end of each fiscal year.

It is noted, however, that the 1972 Littleton town report did not comply with the foregoing statutes or the prescribed guidelines in that the following statements and reports were not published: Balance Sheets (statement of assets and liabilities) as of December 31, 1972, comparative statements of appropriations and expenditures—estimated and actual revenues; statement of long term indebtedness showing annual debt service requirements, detailed and summary statements of treasurer's receipts and expenditures; tax collector's report; town clerk's report; and the report of the District Court.

In towns where the annual audit is usually made by the Division of Municipal Accounting prior to the annual town meeting and the audit report is published in its entirety in the town report, it is not necessary for the selectmen to duplicate the information contained in the audit report. However, in those instances wherein this Division is unable to conduct an audit before the annual town meeting, the selectmen must assume the responsibility of gathering and publishing the financial reports which are required by law.

#### **Town Clerk:**

Our examination disclosed that the Town Clerk has not been recording the minutes of the annual town meetings on a timely basis in a bound record book, but instead retains the minutes in a note book, in a very abbreviated form. As a result of this situation, our auditors encountered considerable difficulty in ascertaining the precise votes taken by the 1972 Town Meeting.

With regards to the recording of minutes of public proceedings R.S.A. 91-A:2 provides that such minutes shall be promptly recorded and open to public inspection within seventy-two hours of the public meeting.

#### **General Fund:**

All vendors' invoices and bills paid by the Selectmen should be annotated as to check number, date paid and expense distribution, in accordance with sound business practices. This procedure will ensure that duplicate payments are not made.

#### **District Court:**

The Clerk of the District Court did not remit the net receipts of the Court to the Town Treasurer on a timely basis during 1972. The provisions of R.S.A. 502-A:9 require that such remittances be made on or before the fifth day of each month, and shall cover the net receipts of the court for the preceding month.

#### **Planning Board:**

As stated in our last report, the maintenance of a special checking account by the Planning Board for the administration of appropriations received from the Town, is contrary to R.S.A. 41:29, which stipulates that "The Town Treasurer shall have custody of all

monies belonging to the town, and shall pay out the same only on orders of the selectmen."

Accordingly, the balance in this checking account, amounting to \$288.69 as of December 31, 1972 (Exhibit F) should be transferred to the town treasury during the ensuing year.

#### **Unredeemed Taxes:**

As indicated in Exhibit C-2, as of December 31, 1972, unredeemed taxes from the tax sales of the levies of 1969 and prior years were as follows:

<b>Levy of</b>	<b>Amount</b>
1969	\$1,161.73
1968	800.99
1967	641.19
	<hr/>
	\$2,603.91

Inasmuch as the statutory two year redemption period has expired on these unredeemed taxes, the Tax Collector should deed all of the properties involved to the Town. The execution of tax deeds on all properties which are in default of redemption is required by the provisions of R.S.A. 80:38.

#### **Conclusion:**

The provisions of Chapter 71, Section 27-a, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town of Littleton. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Littleton for their assistance during the course of the audit.

Very truly yours,

**FREDERICK E. LAPLANTE**

Director

Division of Municipal Accounting  
State Tax Commission

**STATE OF NEW HAMPSHIRE****TAX COMMISSION  
CONCORD, N. H.****August 28, 1973****CERTIFICATE OF AUDIT**

This is to certify that we have examined and audited the accounts and records of the Town of Littleton for the fiscal year ended December 31, 1972.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Littleton at December 31, 1972, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

**FREDERICK E. LAPLANTE**

Director

Division of Municipal Accounting  
State Tax Commission

## **CHIEF OF POLICE STANLEY L. McINTYRE RETIRES**

Chief of Police Stanley L. McIntyre announced his retirement on January 1, 1974 after twenty-seven years of service to the Town of Littleton. Chief McIntyre lived his early years in Whitefield, and came to Littleton as a Patrolman on the Littleton Police Department on June 6, 1947. In March, 1949, he was appointed Chief of Police, replacing Chief Homer Johnson.

During his first year, Chief McIntyre was accepted to attend the FBI National Academy in Washington, D.C. for a three-month police training course. During this time Chief McIntyre developed and polished the many skills which were to serve him and the Town of Littleton so well over these many years. He has earned the respect and high regard of the FBI and other Police Agencies throughout the state with his knowledge and expertise as a criminal investigator.

During Chief McIntyre's years of service, the Town of Littleton has been recognized by the American Automobile Association with a Pedestrian Safety Achievement Award for eleven years.

Chief McIntyre initiated a police pistol training program in Littleton, and for eleven consecutive years the Littleton Auxiliary Police Pistol Team led the State of New Hampshire in the competition for the Governor's Trophy.

When Chief McIntyre was appointed to office in 1949, the Town of Littleton had a four-man police department. As the Town expanded, so too did the police department to its current authorized strength of nine officers and a clerk. Chief McIntyre made use of Crime Commission Federal Funds to better equip the Littleton Police Department with a radar unit, a breathalyzer, a second cruiser and a modern communications system linking Littleton with other police agencies in the State.

The Town of Littleton expresses its thanks to Chief Stanley L. McIntyre for his twenty-seven years of diligent, faithful service.

## **SERGEANT OF POLICE VICTOR D. MILLER RETIRES**

Police Sergeant Victor D. Miller retired on October 21, 1973 after twenty-four years of service to the Town of Littleton.

"Vic" Miller was born in Old Town, Maine, and his early youth was spent in Maine. "Vic" served his country in the second World War in the Pacific Theater for three years being discharged with the rank of Tech Sergeant in 1945. He returned to Maine after his discharge from active military duty, and in 1947 "Vic" came to Whitefield, N.H.

Victor D. Miller was appointed to the Littleton Police Department on January 2, 1950 as a patrolman under Chief Stanley L. McIntyre. "Vic" served the Town in this capacity until 1964 when he was promoted to the rank of Sergeant. Sergeant Miller assumed responsibility for the night patrol of the Town for the remaining years of his service to this community.

The Town of Littleton expresses its thanks to Sergeant Victor D. Miller for his twenty-four years of diligent, faithful service.
